

TANTUS MOTUS Multi-Sensor

Surface Mounted Multi-Sensor - Powered by Basalte's Auro, the Tantus Motus allows you to intelligently monitor and manage your home, create a balance of form, efficiency, and safety, while continuing your design intent.

Construction

- Formed steel trim with powder coat paint finish combined with signature aluminum Apure© louver, available in various colors and combinations.
- Made in Germany, Design by Porsche Design Studio.
- European torsion springs pull fixture tight to the ceiling.

Functions

- Built in light sensor for light dependent switching, dimming and controlling scenes.
- Built in temperature sensor for integration within home automation systems.

Sensor Details

- Integrated LED feedback and integrated LED nightlight.
- 360° range horizontal, 90° range vertical.

Electrical / Sensor Protocol

- Power consumption of only 10mA via KNX buspower.
- Compatible with Crestron and Lutron HomeWorks QS
- KNX integrated BCU.

Sensor Ordering Codes

- 0180-02 white sensor
- 0180-03 black sensor

The Basalte Multi-Sensor *must be ordered through authorized Basalte dealer*

Listings

- CE Certified
- Class 2
